【Instructions】

1. Print out the pattern and cut it out. Make sure that you choose 100% scale when you print.

2. Fold the outer fabric in half and place the ◎ mark on the fold.

3. Fold the pattern for inner piece.

4. Cut out the inner fabric in the same way as the outer fabric.

5. Two pieces should look like this.

6. Fold the outer fabric right side inside and sew the red line with a 5mm seam

7. Open and iron the seam to the right side.

8. Do the same for the inner fabric.

9. Open and iron the seam to the right side.

10. Layer the outer and inner pieces right sides together and pin them. Sew the red lines with a 7mm seam.

11. Iron and divide the seam

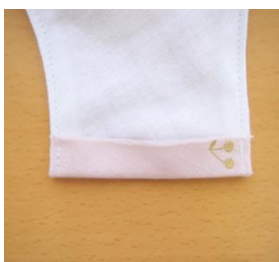

12. Turn it inside out.

13. After ironing, stitch the rims with a 3mm seam.

14. Fold the sides toward the inner side about 1.5cm.

15. Fold it again so that the elastic sleeve is about 1.5cm.

16. Stitch it down with a 2mm seam.

17. Do the same with the other sleeve.

18. Feed elastic through the sleeves with a wire needle or a safety pin. Tie a knot and hide the knot inside the sleeve.

19. Finished.

Please use your discretion regarding safety when using on young children under two years old.
